

1. K-LOVE serves me and other residents in my community by providing family friendly broadcasts. Their broadcasts are positive and support good family values.
 2. I believe the effect on the local community, if K-LOVE is displaced by an LPFM broadcaster, is negative. We have enough negativism and bad role models in the media and other broadcasters. K-LOVE provides a good example for parents, teens, and children, thus strengthening the community.
 3. I believe K-LOVE's service provided is in the public interest because they make citizens more aware of volunteer programs and mission work, they provide good examples of how to live healthy lives, and their music is very uplifting and positive. They are a positive force that costs nothing to the people they serve. Most everything else we citizens experience is only for the good of the profit holders. We need K-LOVE for the good of the citizens!
